Description

Purpose or significance of data

COMMERCIAL FISHERIES STATISTICS

The NOAA Fisheries, Fisheries Statistics Division has automated data summary programs that anyone can use to rapidly and easily summarize U.S. commercial fisheries landings.

- ☐ Do not harvest. All data is small, unstructured, and on a page crawlable by the Internet Archive.
- ☐ Page contains dynamic content (e.g., links loaded by JavaScript).
- ☐ Page contains interactive visualizations.
- ☐ Data is accessible in structured file(s) that can be directly downloaded.
- ☐ Data is accessible over FTP.
- ☐ Data is accessible using a documented public API.
- ☒ Data is only accessible using search queries in a web form.

Recommended approach to harvesting data

requests payloads with different parameters

Where you able to capture all of the data at this URL?

☒ Yes

☐ No

Harvest method used

payload parameter requests

Notes from Harvest

CATFISHES & BULLHEADS, and SHRIMP, ATLANTIC & GULF, ROUGHNECK, and TURTLE, KEMP'S RIDLEY gave a BAD INPUT, everything else went as planned

User certified that to the best of their knowledge this is a well-checked bag that will survive out of context of the site it was harvested from.

☐ Yes

Notes from Bagging
