https://web.archive.org/web/*/http://epa.gov/region5/waste/solidwaste/debris/disaster_debris_resources.html

8. Description

9. Purpose or significance of data

Information and locations of over 6,000 facilities throughout Region 5 and surrounding states capable of managing different materials which may be found in disaster debris

10.

- [ ] Do not harvest. All data is small, unstructured, and on a page crawlable by the Internet Archive.
- [x] Page contains dynamic content (e.g., links loaded by JavaScript).
- [ ] Page contains interactive visualizations.
- [x] Data is accessible in structured file(s) that can be directly downloaded.
- [ ] Data is accessible over FTP.
- [ ] Data is accessible using a documented public API.
- [ ] Data is only accessible using search queries in a web form.

11. Recommended approach to harvesting data

The data on this page can be directly downloaded as zip or pdf files. The page also has links to interactive maps, but the maps are simply user interfaces for data from the "Download entire

dataset" link near the top of the page (https://edg.epa.gov/data/PUBLIC/R5/EDGddrd.zip), so it is not necessary to try to harvest from the interactive pages.
