Description

Purpose or significance of data

Each month, the Office of Policy Development and Research (PD&R) produces a monthly report on the health of the nation's housing market. The National Housing Market Indicators report highlights key statistics and trends in the housing market. The new monthly update replaces the National Housing Scorecard, which in addition to reporting on housing market conditions, included information on measures of policy response to the foreclosure crisis.

Notes from Harvest

note that

1) the archived data is on another site <https://archives.huduser.gov/scorecard/>

2) the data is generated monthly

I DID NOT harvest the archived data.

User certified that to the best of their knowledge this is a well-checked bag that will survive out of context of the site it was harvested from.
